

*The Hawaii Department of Education is proud to introduce  
an exciting new online pilot project:  
The Volunteers & Partners Program*

**This comprehensive recruiting, coordination and tracking system is designed to increase and maintain volunteers and support for K-12 schools.**

Offering assistance is no longer restricted to the classroom and now you can help in a number of ways including program support, financial assistance or contributions.

The benefits of giving include:

- Improving our schools
- Offering employees a community service opportunity
- The rewarding feeling that comes from giving
- Potential tax write-offs
- A memorable experience

**If you'd like to help, simply go online.**

The Department's website offers individuals and companies an efficient, quick, and easy way to help our children.

**Here's how it works:**

- Go to the DOE's website: <http://doe.k12.hi.us> and find the Volunteers and Partners Program under Quick Links.
- Browse listings of participating schools and volunteer opportunities.
- Search for opportunities that match your schedule, skills and interests.
- Register to volunteer by completing a profile.
- Log in later to check for placement by schools.

**This is a pilot program during the 2006-2007 school year for only 4 schools at this time:**

- Salt Lake Elementary
- Waikiki Elementary
- Moanalua Middle
- Admiral Arthur W. Radford High

*The Volunteers & Partners Program is an excellent and convenient way for individuals and organizations to get involved with the education of Hawaii's school children.*

**For further information, contact the Business-Education Partnerships Office at (808) 586-3687 or 586-3686.**
